Re: Stephen Fishlock

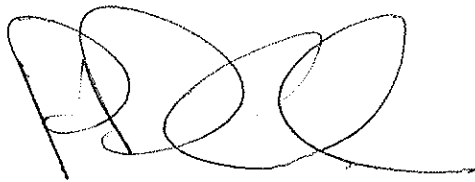

To whom it may concern,

We have been working with Stephen over the past 18 months and have completed the full renovation of our house in St Aaron, Brittany. We have completed a project that went from farm building with rotten roof, mud floor, no water except where we didn't want it and a single lightbulb to a beautiful house.

Steve has completed for us a complete roof replacement, replacement of all first floor including oak beams, restoration of stone walls, all windows, doors and all structural work. He has also completed everything on the ground floor, ready for decoration and tiling, including solving some pretty dramatic water problems that we hit.

I would not hesitate to recommend Steve for any building work. He is flexible, easy to work with, delivers excellent quality work and ultimately good value for money.

Yours sincerely,
