

31/10/2010

We can only echo the references and comments of your other customers. We very much appreciate the painstaking efforts to ensure that our loft conversion has been done to the highest standard, and in keeping with our 800 year old stone house. Your selection of sub-contractors ensured that all the extra electrical, plumbing and plastering work was also done to an excellent standard. We are grateful for your patience and guidance to help with the velux window and the staircase and door selections. We also appreciated your prompt daily time keeping, willing cooperation and skilled workmanship. We wish you ongoing success.

Best regards

Richard and Jacquie Farrant
